

Who paid Limitless's taker fees, and what came back

order book · weekly · 9 Feb to 27 Sep 2026

taker fees, 9Ns5 wallets taker fees, everyone else
taker fees, AE2J wallets 9Ns5 rebates paid by Limitless's rewards distributor

From 16 Feb to 28 Sep 2026 the 9Ns5 wallets were charged \$11.84M of the \$15.80M in taker fees charged on the order book (75%), and received \$8.93M back in rebates. Taker fees are read from each taker order's own OrderFilled record; a fee charged in outcome tokens is valued at the fill price. Maker fees are refunded inside the same transaction and are left out. Gas is not counted. The partial week from 28 Sep 2026 is left out.
